Jürg Grütter	Switzerland	April 2023
Marianne Kjellén	Sweden	August 2023
Debbie Menezes	Portugal	August 2023
ITAP Coordinator	Alejandra Peña Carballo	

Who we are

- The independent Technical Advisory Panel (iTAP) is a ten-person panel of independent experts who work approximately 50% of their time advising the GCF
- Based on the GCF Board's decision in 2014 (B.07/03) our role is "to **provide an independent technical assessment of and advice** on funding proposals for the Board"*
- Each iTAP member is selected by the Investment Committee through a competitive process for endorsement by the Board, for a period of three years.
- The Panel has balanced representation between developing and developed countries, with gender balance, and with collective expertise covering a range of specialties related to adaptation, mitigation, the private sector, financing, and development and implementation of projects in developing countries.
- The Panel is accountable to the Board through its Investment Committee

*Terms of reference approved in Decision B.09/10 and revised by Decision B.25/09

iTAP appraisal of PSF projects – points of interest

Private sector leverage

- Realistic ambition and evidence of private sector interest

Sharing risk and returns

- Striking an appropriate balance in the allocation of risks and rewards

Pipeline

- Minimum information to allow for evaluation

Paradigm shift

- How can PSF projects promote transformational change?

Technical assistance

- How to structure it to make it most effective

Fund fee structures

- What is appropriate, how to incentivize impact?

Assessing and tracing climate impacts

- What is required but also appropriate and feasible?

GREEN
CLIMATE
FUND

**Raising
ambition.**
**Empowering
action.**
